Service	Description	# Samples	Unit Price	Sub-total
ELISA	Toxin - microcystin/nodularin (EPA method 546)		100.00	-
ELISA	Toxin - cylindrospermopsin (CYL)		125.00	-
ELISA	Toxin - anatoxin-a (ANTX)		125.00	-
ELISA	Toxin - saxitoxin (STX)		125.00	-
ELISA	Toxin suite - all cyanotoxins		425.00	-
Microscope	Identify & photograph cyanobacteria		35.00	-
Pigments	Chlorophyll <i>a</i> (EPA method 445)		40.00	-
Pigments	Phycocyanin		40.00	-
Processing	Sample concentration		10.00	-
Processing	DNA extraction		20.00	-
QPCR	Total cyanobacteria (16S rRNA)		40.00	-
QPCR	Total MC-producing cyanobacteria		40.00	-
QPCR	Total CYL-producing cyanobacteria		40.00	-
QPCR	Total ANTX-producing cyanobacteria		40.00	-
QPCR	Total STX-producing cyanobacteria		40.00	-
			Total (\$)	-

Payment - An invoice will be emailed to customers with payment requested within 30 days. We accept checks made out to Bend Genetics, LLC. To arrange payment by credit card, purchase order or ACH direct deposit, please contact customer service.

Discounted pricing - Orders requesting 10 or more of the same assay qualify for 10% off assay price when all samples are run in the same batch.

Sample collection - Water samples (minimum 100 mL) should be collected into clean, amber glass or PETG plastic containers and stored on wet ice in the dark. If samples are frozen, only total toxins can be assayed. Samples may also be concentrated by vacuum filtration, stored frozen and shipped on ice for particulate toxin analysis or DNA analysis. Please email customer_service@bendgenetics.com to let them know to expect your shipment.

Sample shipment - Samples received Monday - Thursday by 12 PM (PST) will typically post results the following day. Rush services are available, contact customer service for details. We recommend shipping samples double wrapped in plastic bags containing ice packs/wet ice placed into coolers and sent with next day delivery. If shipping multiple samples, be sure to clearly label each in indelible ink. Additional information on sampling protocols can be found at: www.bendgenetics.com/sampling
